Judge Carr

MEMORANDUM,

MOTION TO SUPPRESS

MOTION TO SEVER JUDICIAL FUNCTIONS

FILED NORTHERN DISTRICT OF OHIO TOLEDO 2008 APR -1 PM 3:50

Judge Carr in a hearing regarding this matter verbalized an association between Plaintiff's email address and sexual matters. This is a common but erroneous association which suggests a one-to-one correlation between nudity and sexuality sexual matters, with the strong hint that this may have been a motive in the conduct the Defense alleges. A small, short step away in matters of the minds of the public in issues of legal matters is the specter of obscenity – pornography.

In Fact, nudists (including the Plaintiff) separate sexual matters from recreational nudity, it is almost a 100% delineation.

In order to avoid the possibility of inflaming the finder of facts in this matter, Plaintiff MOVES that the identity of his email address be suppressed from the fact-finding part of the process, whether done by a jury or by the court.

Plaintiff asks that the process be separated into three distinct phases, each presided over by different judges in the interest of Justice:

a) Procedural matters
b) Fact-finding
c) Determination of the proper award to Plaintiff
